Aquasonic® Screen For Pentair Face Rings

The Aquasonic Screen is a stainless steel screen designed to meet NFPA 70: National Electrical Code requirements and add additional protection for Aquasonic® Underwater Speakers. This optional screen is great for public and private pools.

Made with 16 ga. 304 Stainless Steel, the Aquasonic® Screen has been manufactured for long-term reliability. Designed specifically for Pentair face rings, the screen is easy to install and makes an attractive addition to your Aquasonic® Underwater Speaker.
