

COLOR SPLASH™ 2G REPLACEMENT MULTI-COLOR LED IN-GROUND POOL & SPA LIGHTS

Long-Lasting & Cost-Saving
Multi-Color Illumination

COLOR SPLASH 2G Replacement Multi-Color LED In-Ground Pool & Spa Lights offer a variety of lighting modes that instantly transform your customer's pool and spa area into a color-rich paradise. The Edison base allows Color Splash lights to install easily and replace existing halogen or incandescent light bulbs. They operate using far less energy than a standard pool light, so they're less expensive for your customers to operate. Color Splash's proprietary cooling system insures the maximum lifespan of any light currently available on the market, with up to 100,000 hours of maintenance-free use and enjoyment.

CREATE the perfect mood and ambience. Your customers will enjoy seven solid colors, multiple color blends, and five light shows. Selecting the perfect lighting mode is easily accomplished using the pool or spa light switch. Plus, your customers can rest assured knowing Color Splash is ETL listed and backed with a five-year warranty.

EMPOWER your customers with choice. Recommend the Color Splash 2G Replacement Multi-Color LED In-Ground Pool & Spa Lights and give them the ultimate pool and spa lighting experience.

FEATURES & BENEFITS:

- **Seven solid colors, multiple color blends and five light shows. Empower your customer with choice.**
- **Advances through lighting modes using light switch. Easy to operate.**
- **Synchronizing: Install multiple lights to transform the entire pool and spa area.**
- **Edison base. Retrofits easily into existing fixture in just minutes**.**
- **5-year warranty. Lasting quality.**
- **Uses 90% less electricity than a standard pool light. Reduces your customer's electric bill.**
- **ETL listed. Safety tested and approved***.**

* All lights must be on the same circuit to synchronize.

** Fits most standard pool and spa light housings.

*** Not for use with dimming systems.
