

EasyTouch® Upgrade

for Compool® Pool and Spa Control Systems

By Pentair Water Pool and Spa®

Upgrade your Compool® system and make your old pool technology new again.

Now that you've experienced the push-button ease of a Compool® control system, you're ready for the next generation in pool and spa convenience—with an all-new, one-step upgrade to today's EasyTouch® automated controls. Why upgrade now? Easy. Just check out all the EasyTouch advantages you could be enjoying by this time tomorrow:

- Easier programming thanks to an intuitive, step-by-step LCD display.
- Compatible with IntelliFlo® variable speed and flow pumps—they can cut energy use by up to 90%.*

*IntelliFlo® pumps typically can cut your electric bills \$620 to \$1,360 each year, based on comparison pump running between 6 and 12 hrs/day at a national average of \$0.15/kWh in a 20,000 gallon pool. Savings may vary based on plumbing size and length, pump model, service factor, flow rates and other hydraulic factors. Ask your Pentair Water Pool and Spa® ("Pentair") professional.

- Compatible with EasyTouch wired and wireless controls—allows the freedom of 4- or 8-function wireless control capability.
- Add new energy-saving IntelliBrite® LED color-changing lighting for spectacular visual effects.
- And much more.

EasyTouch opens the door to energy savings

EasyTouch is the first step to lower electric bills! By upgrading your control system, you can immediately take advantage of the latest energy-saving equipment from Pentair, including new generation pumps, lighting, heaters and more.

Turbocharge your Compool® with today's best features.

Pool ownership should be pure pleasure—and now more than ever, it will be. Our EasyTouch® upgrade makes it even more carefree to run your pool, spa or combination with shared equipment. With up to 8 accessory functions, you can put enhanced features like landscape lighting, waterfalls and fountains on a schedule, saving you hassles and precious dollars.

More control. Greater convenience.

You can control all functions with easy, one-button access from the EasyTouch Load Center. For even greater convenience, add a wired or wireless remote. Beyond basic equipment control, EasyTouch lets you program your equipment for optimum efficiency. As your pool and spa usage changes or you add or change equipment, just reprogram to maintain efficiency.

As for service, the EasyTouch system's onboard diagnostics make it easier than ever. Built-in self-test capabilities make sure your entire pool system is working at peak performance. If a failure should ever occur, a diagnostic screen will report it promptly for troubleshooting and repair.

Sound simple? That's why we call it EasyTouch. Call your pool professional now, and experience it for yourself.
