

Energy Filter O-Ring Replacement Kit

FOR YOUR SAFETY: This product must be installed and serviced by authorized personnel qualified in pool/spa installation and maintenance. Improper installation and/or operation will void the warranty.

**These instructions are to be used with the following Ray-Vac® Replacement Kit:
R0374500-- Energy Filter O-Ring Replacement Kit**

This document gives instructions for replacing the O-ring on Jandy Energy Filters. The instructions must be followed exactly. Read through the instructions completely before starting the procedure. Please save these instructions.

1. Remove the bowl from the Energy Filter. Remove the O-ring, clean out bowl O-ring groove and wipe dry.
2. Lubricate the new O-ring with silicone grease to prevent binding. Put new O-ring onto bowl.
3. Thread the filter bowl onto the Energy Filter top until resistance is felt, then tighten $\frac{1}{4}$ turn further.
Hand tighten only.
