

GeminiPlusII

Quality, Versatility and Performance

- 100% self draining
- Variable Speed Applications
- UL[®] Recognized and CSA certified
- Exclusive double insulated motor housing
- New compact design - with quieter operation

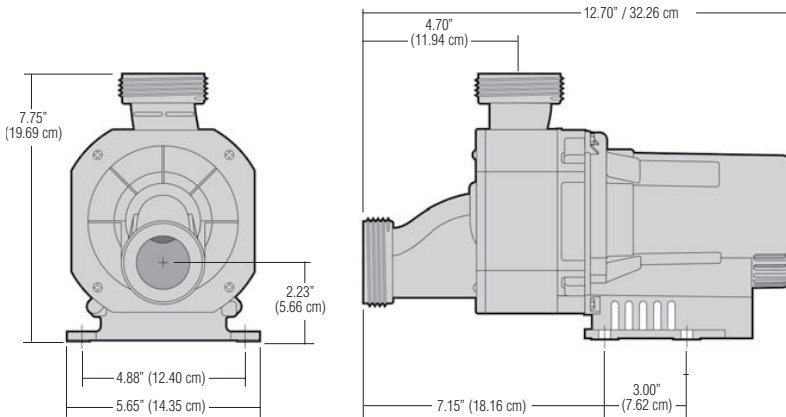

Gemini Plus II Bath Pump

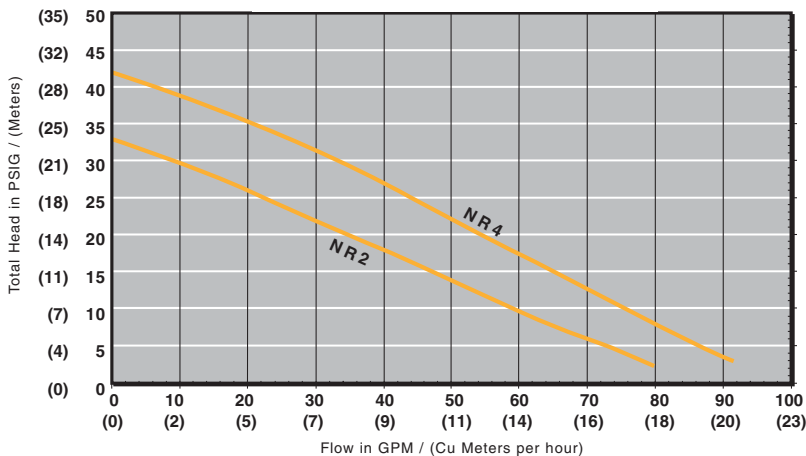

The original Gemini Plus pump combined advanced variable speed technology with superior performance to become the “the choice” of manufacturers for almost a decade.

The new ultra compact Gemini Plus II® series now offers improved performance and quiet operation to meet the demands of today’s high flow Whirlpool bath jet systems. The compact design of the Gemini Plus II is available in standard configurations, providing a high performance pump that will fit in virtually any installation.

Variable Speed Control Option - The Gemini Plus II® Series is available with a patented “Digital Variable Speed Control Kit” for the ultimate in control flexibility.

Gemini Plus II Pump Performance
