

# EASY STEP NE 113

- ✔ Designed for use with 48" or 52" deep aboveground pools
- ✔ Easy to install
- ✔ Allows elderly and young people to step into the pool instead of climbing a ladder
- ✔ Two plastic handrails allow for easy entry into pool
- ✔ Mounts to any decking surface with mounting brackets
- ✔ Slats on side of step allow water to flow with less restriction, which will decrease the chance of algae growth behind step

- Fits decks up to 60"
- Step dimensions: 10" x 27"

**MAXIMUM WEIGHT CAPACITY**

**380 Lbs.**

# EASY STEP ENTRY SYSTEM NE 138

- ✔ For use with 48" or 52' aboveground pools
- ✔ All resin construction eliminates chance of corrosion
- ✔ Bridge system includes two steps with handrails which make for easy access to the pool
- ✔ Includes gate with latch and lock to limit access to pool site when pool is not in use
- ✔ Slats on side of step allow water to flow with less restriction, which will decrease the chance of algae growth behind step

## NOT SHOWN

- Each step is 10" x 27"
- Crossover is 11.5" wide
- Riser between steps = 10"

**MAXIMUM WEIGHT CAPACITY**

**380 Lbs.**

# EASY STEP W/OUTSIDE LADDER NE 126

- ✔ Perfect set-up for entry into aboveground pools with no deck
- ✔ Unlike standard A-frame ladders, the outside ladder is combined with an in-pool step making it easier to step into the pool
- ✔ Adjustable for use with 48" to 54" pools
- ✔ Outside ladder swings up when pool is not in use to limit access to the pool

## NOT SHOWN

- Max width of step = 32.5"
- Width of steps on ladder = 18"

**MAXIMUM WEIGHT CAPACITY**

**300 Lbs.**
