

AQUA SOLAR

Total solar system control with digital display of pool temperature and solar system temperature. Plus, full system diagnostic LED's. The Aqua Solar is set by a single dial adjustment for desired pool temperature. The Aqua Solar offers selectable high limit, programmable recirculation freeze protection and nocturnal cooling to customize any installation.

AQUA SOLAR-TC

The Aqua Solar Time Clock Model has all the features of the Aqua Solar with time clock for control of the swimming pools main filter pump. The time clock is programmable in 15 minute increments and can have multiple ON/OFF times. Exclusive solar override feature allows for maximizing solar gain while minimizing electricity cost. True automation and convenience.

GL-235

America's best selling solar control is designed for easy and dependable operation. The microprocessor based technology ensures reliability and accurate performance. The GL-235 offers advanced features to provide differential temperature control, selectable high limit, programmable recirculation freeze protection, nocturnal cooling and optional booster pump control. The GL-235 can handle all systems; old or new, pools & spas, 12 or 24VAC actuators.

All products are covered by Goldline's exclusive 5 year limited warranty*.

Actuator, diverter valve and 2 temperature sensors are included in all Goldline Solar Combos. Goldline Controls is the leading supplier of solar controls nationwide. Goldline also manufactures the Aqua Rite Electronic Chlorine Generator. The Aqua Rite makes it's own chlorine from table salt and keeps your pool's water sparkling. Ask your pool professional about America's best selling chlorine generator, the Aqua Rite.

Features

- Automatically Maximizes Solar Heat Collection
- Precise Easy to Read, Calibrated Temperature Setting Dial
- Electronics in UV Protected Locking Weather-proof Enclosure
- LED Indicators Show Status of the Systems Operations
- Automatic Switching from Solar Pool Heating to Nocturnal Pool Cooling if Desired
- Single Setting for Desired Pool/Spa Temperature
- Microprocessor Based Electronics for Accurate Performance and Increased Reliability
- Installer Programmable Features Allows Adaptation to Virtually all System Requirements
- Control is UL Listed for Safety, Performance and Reliability
- Control has CUL Testing for Canada and is CE Tested for Europe
- Valve Tested and Certified by National Sanitation Foundation
- National Network of Trained Service Professionals
- Exclusive 5 Year Limited Warranty*

Benefits

- Get the Most Out of Your Solar System
- Quick, Accurate, Easy to Set, the Desired Pool Temperature
- Ensures Protection from the Elements and Unauthorized Tampering
- Easy to Read and Understand the System's Operation and Function
- One Control Automates and Ensures the "Just Right" Swimming Temperature
- "Set & Forget" Feature Allows You to Enjoy Your Pool/Spa
- Your Solar Investment Performs as Programmed and Expected for Many Years
- One Control Does it All at a Fair and Reasonable Price Without Unwarranted "Add-Ons"
- Consumer Confidence in Electronic Capabilities and Safety
- Control Meets All Criteria for Safety and Performance
- Minimal Back Pressure on Filtering System Design and Performance
- Qualified Reliable Service Nationwide If Required
- Complete Consumer Confidence

Goldline Controls has been manufacturing solar control systems since 1975, and has shipped over 2.5 million controls worldwide. All of our controls are designed, tested and manufactured in house. For more detailed information on your solar control system, or on our electronic chlorine generators please visit our website at www.goldlinecontrols.com.
