S H E E T

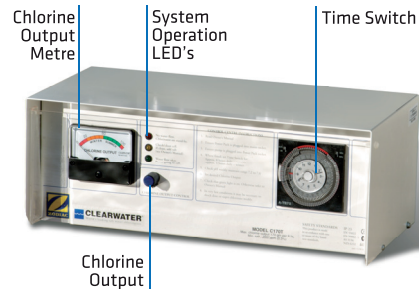

FEATURES

- Uses Clearwater technology to produce 100% usable chlorine gas that is immediately and safely dispersed into the pool water.
- Clear vessel housing makes it easy to know when it's time to clean the electrode
- Full feature control informs you of chlorine output and the indicator lights let you know when to add salt and check water flow.
- Easy to use analogue timer system helps keep your pool settings constant and control chlorine production.

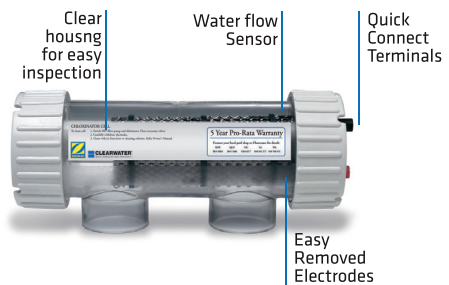

MAINTENANCE

- Regularly check and clean your electrode to ensure optimal performance.
- Please note that new concrete pools and pools with unbalanced water are susceptible to calcium build up on electrode plates.

CHLORINATOR CONTROL UNIT

CHLORINATOR SALT CELL

MODELS AVAILABLE

Model No	Pool Capacity**	Chlorine Gas Output	Granular Chlorine Equivalent*
C170TS	72,000L	18 gm/hr	220gm
C200TS	84,000L	21 gm/h	250gm
C250TS	104,000L	26 gm/hr	320gm

* Based on a 8hr cycle ** Based on temperate climate conditions

PLEASE NOTE: Lower chlorine output when using a pool cover to avoid possible damage to your pool equipment.

ZODIAC, MASTERING THE ELEMENTS

Renowned worldwide for the quality and reliability of its products in the aeronautical and marine sectors, Zodiac has now brought its expertise to swimming pools, to bring you a full range of pools, automatic pool cleaners, water treatment systems, heating systems and dehumidification units for swimming pools.

Backed by Clearwater technology, expertise and experience, Zodiac brings you the reassurance of top quality equipment in terms of both design and performance. A real guarantee of efficiency and peace of mind!
