OPTIONAL
12 VOLT
IN-POOL
LIGHT

All resin in-pool ladder with two sets of deck mount flanges (front & rear). The ladder is adjustable to a maximum height of 60 inches. Five full treads for ease of climbing and for today's taller pools (top tread height of 46.65 inches). Double, extended handrails. Extremely easy to assemble. Add an optional 12 volt in-pool light to enhance swimming environment.
