# ABOUT MAYTRONICS

Maytronics Ltd., the pioneer and world leader in automated electronic pool cleaning technology for residential and commercial pools, and the developer of the popular Dolphin series of robot cleaners, was established in 1983.

The latest generation of Dolphin robot products has been internationally recognized as the cutting-edge of pool cleaning robots, with an outstanding list of patented features, sold worldwide in over 42 countries.

Our multidisciplinary Dolphin systems are extensively tested in real-world conditions, and conform to ISO 9001, 2000 edition, CE/ETL regulations and are RoHS Compliant (Lead free components).

Maytronics' easy-access service centers are located close to you, and provide fast repair, convenience and efficiency. Most repairs can be performed by the selling dealer.

Maytronics US, Inc. and Dolphin robotic cleaners are proud to offer eco-friendly cleaning technology for all pool types and sizes. These robotic cleaners cost as little as 15 cents per cleaning to operate and reduce the need for backwashing.

These quality Dolphin Robotic swimming pool cleaners are available at:

Maytronics Dolphin pool cleaners are distributed in North America by Maytronics US Incorporated, a wholly owned subsidiary of Maytronics Ltd.

Maytronics manufactures pool cleaners for residential and large commercial pools.

Dolphin is a registered trademark of Maytronics US Incorporated, Maytronics Ltd. world wide, copyright 2010.  
Manufactured for North America only
