**Technical Specifications**

- **Electronic Temperature Control**: Yes
- **Refrigerant**: R410A
- **R410A Dimensions (inches)**: 31.25 x 40 x 34.4 x 37.3
- **Net Weight (lbs.)**: 140
- **Shipping Weight (lbs.)**: 180
- **Total System**: Pumps I Filters I Heating I Cleaners I Sanitization I Automation I Lighting I Safety I White Goods

**Reliability, efficiency and a quiet backyard too!**

Whether you want to extend your swimming season or swim year-round, HeatPro gives you comfort with efficiency. It’s the perfect addition to your Totally Hayward® System.

To take a closer look at Hayward Heat Pumps or other Hayward products, go to www.hayward.com or call 1-888-HAYWARD.
The Ideal Heat Pump for Continuous Comfort

Don’t let cool water temperatures limit your swimming enjoyment. High performance, energy-efficient Hayward® HeatPro™ heat pumps quietly and economically maintain your ideal water temperature at all times. They let you start your swim season earlier and end later – all while consuming less energy than gas heaters to lower your operating costs by up to 80 percent.

Enhanced titanium heat exchanger technology delivers dependable, high-efficiency performance.

Hayward HeatPro heat pumps incorporate titanium counter-flow heat exchangers for unrivaled and uncompromising performance – even under the harshest conditions. Other premium features include:

- An Ultra Gold corrosion-resistant evaporator fin for extreme durability, especially in coastal environments;
- Heavy duty, super quiet scroll compressors;
- Durable injection molded UV-resistant body panels that are impervious to rust and deterioration; stainless steel hardware; and a polyethylene screen to protect the evaporator coil and maintain peak efficiency.

Plus, Hayward HeatPro heat pumps are lightweight, compact and easy to install and service, making them ideal for new pools or enhancing the one you already have.

Quiet Technology

- **Profiled Fan Blade**
  - Ensures efficient air flow and quiet operation

- **Acoustic Compressor Cover**
  - Minimizes sound level

- **Enjoy your backyard without the noise**
  - 120 dB. Jet takeoff
  - 80 dB. Alarm clock
  - 60 dB. Normal conversation

  The superior quiet operation of a HeatPro heat pump lets you enjoy a normal conversation in the serenity of your own backyard.

Performance Reliability

- **Industry’s ONLY Ultra Gold Corrosion Resistant Evaporator Fin**
  - Provides extreme durability especially in coastal environments.

- **Titanium Heat Exchanger**
  - Designed for durability and efficiency to ensure maximum heat transfer and resistance to harsh pool chemicals.

- **Dual Electronic Thermostat Features & Benefits:**
  - Continuous pool temperature display
  - Easy-to-change water temperature set point, in 1° increments
  - Electronic temperature set point lock-out for tamper-proof temperature settings
  - Self-diagnostic codes monitor heat pump performance
  - Compatible with other control systems

- **Compact Footprint**
  - 30.25"W x 34"D x 2" x 2 1/2" unions on back of unit
  - For easy backyard access and less space on equipment pad
  - Allows undisturbed access to controls on front of unit

- **Acoustic and Compact Footprint**
  - 30.25"W x 34"D x 2" x 2 1/2" unions on back of unit
  - For easy backyard access and less space on equipment pad
  - Allows undisturbed access to controls on front of unit
