Vinyl Works Canada introduces it's "Rotate & Lock" a-frame ladder for the 2008 pool season. A revolutionary design that is strong, extremely easy to assemble and designed to fit today's taller pools. Simply rotate the exterior ladder section to the closed position for safety & security. Also available; ladder "options" - add a *foot bath* or *in-pool light!* Want to protect your entire pool? Connect our resin pool fence to the ladder to totally enclose the pool.
