Perfect set-up for entry into aboveground pools with no deck

Unlike standard A-frame ladders, the inside ladder is combined with an outside step making it easier to step into the pool

Adjustable for use with 48” to 54” pools

Outside step features a lockable gate to limit access to the pool when not in use

Max width of step = 32.5”
Width of steps on ladder = 18”

MAXIMUM WEIGHT CAPACITY

300 Lbs.
