

This product is tasteless, odorless and non-foaming at pool concentration and may reduce other chemical usage.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling. Read entire label and use strictly in accordance with precautionary statements and directions. Do not use water containing residues from use of this product to irrigate crops for food or feed. Use of the product in either public/municipal or single or multiple family private/residential potable/drinking water systems is strictly prohibited. Use of the product in any cooling water system that discharges effluent within 1/4 mile of either a public/municipal or single multiple family private/residential potable/drinking water intake is strictly prohibited.

SWIMMING POOLS

This product requires no special equipment for treating swimming pool water.

INITIAL APPLICATION FOR SWIMMING POOLS:

- Clean tile on pool.
- Backwash filter.
- Disconnect slide and automatic pool cleaner from pool support system.
- Adjust pH to 7.2-7.4 range.
- Raise chlorine residual to 3 ppm.
- Wait 15 minutes after adding chlorine.
- Add **SILVERTRINE** through skimmer at the rate of 8 oz. every 10 minutes until the recommended dosage of 8 oz. of **SILVERTRINE** per 10,000 gallons of pool water is reached. If pool has no skimmer, add **SILVERTRINE** below water level in front of return by squeezing bottle at the same rate mentioned above.
- Keep filter in operation during treatment and for a minimum of 72 hours after treatment.
- For best result, keep filter in operation until condition clears.

MAINTENANCE APPLICATION FOR PREVENTION TREATMENT OF NON-VISIBLE ALGAE

For best results, perform maintenance application on a weekly basis.

- Clean tile on pool.
- Backwash filter.
- Disconnect slide and automatic pool cleaner from pool support system.

- Adjust pH to 7.2-7.4 range.
- Raise chlorine residual to 3 ppm.
- Wait 15 minutes after adding chlorine.
- Add **SILVERTRINE** through skimmer at the rate of 4 oz. every 10 minutes until the recommended dosage of 4 oz. of **SILVERTRINE** per 10,000 gallons of pool water is reached. If pool has no skimmer, add **SILVERTRINE** below water level in front of return by squeezing bottle at the same rate mentioned above.
- Keep filter in operation during treatment and for a minimum of 72 hours after treatment.
- For best result, keep filter in operation until condition clears.

PRECAUTIONARY STATEMENTS**HAZARDS TO HUMANS AND DOMESTIC ANIMALS**

CAUTION, KEEP OUT OF REACH OF CHILDREN. Avoid contact with skin, eyes or clothing. In case of contact immediately flush eyes or skin with plenty of water. Get medical attention if irritation persists. Wash thoroughly with soap and water after handling.

ENVIRONMENTAL HAZARD

This product is toxic to fish.

PHYSICAL OR CHEMICAL HAZARDS: Do not use or store near heat or open flame. Do not mix with oxidizers, anionic soaps and detergents.

FIRST AID

Have the product container or label with you when calling a poison control center or doctor, or going for treatment.

IF ON SKIN OR CLOTHING: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice.

IF IN EYES: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice.

STORAGE AND DISPOSAL

Do not contaminate water, food, or feed by storage and disposal. Nonrefillable container. Store in original container in areas inaccessible to small children. Keep from freezing. Do not reuse empty container. Triple rinse (or equivalent). Wrap and discard in trash or recycle.
