

Cense™

OXYGEN INFUSED AROMAS
FOR SPAS & HOT TUBS

Island Pleasures

A tropical fruity-floral blend of mandarin, coconut, pineapple and creamy vanilla, accented with soft petal jasmine.

4-Pack W25000

Divine Secrets

A tranquil, marine accord that combines lavender flowers blended with camellia and sheer green herbs with vanilla, musk and precious woods add depth and round out the scent.

4-Pack W25001

Quiet Escape

A unique blend with notes of vanilla, amber, and cinnamon, a floral heart of rose, jasmine and geranium, is rounded out by richer cedar and lavender.

4-Pack W25002

Simple Rituals

This vibrant combination of spring blossoms, freesia, cassia, night blooming jasmine and sweet citrus notes creates a modern, sheer floral that is clean and fresh.

4-Pack W25003

Or purchase a variety 4-pack: W25004

**Nature2 Spa keeps spa water
clean and crystal clear.**

- Destroys bacteria and algae growth
- Sanitizes spa water
- Improves water quality

Test the Water.

To help keep your spa water at its optimum level, use Nature2 SPA Test Strips to see accurate and reliable results on the levels of MPS, alkalinity, and pH in your spa's water.

MPS + AROMATHERAPY

Nature2

Cense™

OXYGEN INFUSED AROMAS FOR SPAS & HOT TUBS MPS + AROMATHERAPY

Cense™ oxygen infused aromas will change the way you view your spa or hot tub experience forever. Combining exquisite, subtle fragrances of aromatherapy with a powerful oxidizer, MPS, Cense leaves spa water cleaner and clearer. MPS, recommended by all major spa manufactures, helps your sanitizer work more efficiently.

A perfect companion product to Nature2, Cense is the only non-chlorine oxidant that offers the stress-relieving benefits of aromatherapy and a crystal clear spa experience. Discover the joy of relaxing in crystal clear, luxurious spa water, free of the odors and irritants that chlorine and bromine can cause.

Unlike aromatherapy oils that clog spa filters and create foam and scum, Cense is a powder and leaves no residue in the spa. The soft fragrance is not meant as a masking agent, but when used with Nature2 Spa, replaces the oppressive odors of chlorine and bromine.

With the power to invigorate and stimulate the senses, aromatherapy can help change your state of mind and physical well-being. Dating back thousands of years, aromatherapy has been used to aid in the healing of many ailments, fatigue, headaches and sleeplessness - - a natural antidote to everyday stress.

Since Nature2 adds no chlorine smell to interfere with the spa experience, the soothing scent of **Island Pleasures**, **Simple Rituals**, **Quiet Escape** or **Divine Secrets**, will transport you to the ultimate spa experience.

Cense™ combines the strength of MPS, a powerful oxidizer, with the pleasures of aromatherapy - the natural antidote to everyday stress.
