

2-Section Solar Shower

Features

- **GREEN ENERGY!** Use the sun's heat to save on energy costs.
- The sun heats up the stored water in the cylinder similar to how a garden greenhouse works.
- The heated water is mixed with water from your garden hose to provide you with a warm comfortable shower.
- Large capacity water storage cylinder.
- Constructed of high strength engineering grade PVC (lower section) & stainless steel materials (top section).
- Our patented 2 piece design reduces shipping costs and saves on shelf space.
- Includes a built in towel hook for convenience.
